Reference project: applications of timber in civil engineering, residential and commercial construction, edition October 2014

88 wooden framed houses Floriande Eiland 7

Project:

Location De Muy, Hoofddorp, the Netherlands

Date of completion 2004

Wood species louro vermelho (red louro), louro preto, Mandioqueira (mandio), andira

Certificate FSC

Country / Region of Origin Brazil

Application Siding

Additional information Four tropical hardwood species have been applied in an open building front. This results in maximum ventilation, thereby expanding the lifespan and getting optimal discolouration. All the wood that was used is FSC certified.
